Objectives of the Club

To promote those objectives endorsed by Surf Life Saving (WA.)

a) To promote and enforce the work of the Surf Life Saving Association, the resuscitation of the apparently drowned and the application of first aid on the beachfront between Cable Beach, Mosman Park and Napier Street, Cottesloe.

b) To carry out patrols in accordance with the regulations of Surf Life Saving (WA) and provide the necessary efficient life saving equipment.

c) To co-operate with other organizations in enforcing life saving methods and equipment.

d) To educate the public surf awareness and current resuscitation procedures and encourage members of the public to gain awards as permitted by Surf Life Saving (WA).

e) To partake in competitions and events in all surf life saving areas and other areas permitted by Surf Life Saving (WA) and to sponsor members to complete.

f) To co-operate with the Town of Cottesloe in possible improvements to beach facilities.

In Addition:

a) To acquire by purchase, exchange or otherwise whether for an estate in fee simple or for any less estate lands and tenements or real personal property or any tenure thereof, whether subject or not to any changes, or encumbrances, and to erect, replace, maintain, reconstruct, adapt and furnish any offices, buildings, or lands, tenements or property or any part thereof after approval by a Club General Meeting.

b) To borrow any monies required for the purpose of the Club upon such terms and conditions as may be determined and for that purpose to mortgage, pledge or otherwise charge any real or personal property of the Club.

c) To invest funds of the Club, when available, providing that investments shall be in trustee securities only.

d) To employ staff as required to administer and promote the objectives of the Club.

e) To do all or any of the matters authorized either alone or in conjunction with any person, company or unincorporated body through any factors, trustees or agents.

f) To do all such things as they appear to the Club to be incidental or conducive to the attainment of the foregoing objectives or any of them.

OSWALD (OSSIE) YEOMANS

27th February 1932- 8th October 2021

Oswald (Ossie) Yeomans at the time of his death was the clubs oldest Life member.

Barman extraordinaire on a Sunday afternoon over many years, last opened the bar on a Sunday in 2016

First Juvenile to join the club in 1936, when the category was first established, he obtained his bronze no.14860 on 2nd April 1939, he was presented with his 70year service medal in 2009 and 80year service medal in 2019. State title winner on numerous occasions in beach sprints and beach relays with the likes of Geoff Brown, Tom Myles and Danny Dunn. Was part of the committee set up to establish the building we now all enjoy.

Served the club as Captain and Secretary over a number of years (this insert text from premier Club sums up Ossie) "Gaston's club captain was Ossie Yeomans. He also served in the war as a youngster, but there his similarities with Gaston ended. One was a swimmer the other a beach sprinter. Gaston had a forceful, driving leadership style, a man who bulldozed toward his goals,

Yeomans, far quieter, did things his own way.

Several contemporaries described him as being a tough little fellow who preferred persuasion in operating on the beach. Not particularly interested in women, his life revolved around getting his club firmly on its feet again, or drinking in the front bar of the Cottesloe hotel. By all accounts he was a very successful captain, speaking his mind whenever he felt the need. One can gauge his impact from the fact that he was Captain for four successive seasons, during which the club flourished" he was part of the successful Don Morrison era as a member of his reel team.

Served his country during the second world war over the years 1942-1945 in the AIF stationed at Labu Lagoon near Lae in New Guinea supplying war cargo to the bases, with the Water Transport Division of the Royal Australian Engineers 43rd Landing Craft Company obtaining the rank of Sergeant.

Ossie courted and married a member of the ladies' surf club Beryl Cain at St. Luke's Cottesloe the union producing three children Joanne, Leonie and son Tracey, seven Grandchildren and eleven Great Grandchildren.

Vale **OSWALD (OSSIE) YEOMANS** 27th February 1932- 8th October 2021

Born the third son of Fred and Irma Yeomans in Cottesloe he joined brothers Keith and Colin.

Ossie did his primary schooling at Cottesloe and then attended Fremantle Boy's. His working life commenced as a clerk in Fremantle along with assisting Keith in his garage in Eric Street Cottesloe, he joined and worked for T&G Insurance for many years. Crayfish Processing at Robbs Jetty (much to the delight of the family as the cray legs arrived at home each day), Garden City Security Officer for 10 years and following his retirement he Volunteered, as the bus driver for Our Lady of Fatima School Palmyra (morning pick up and afternoon drop of) until age 75.

Nothing seemed to hold him down as beside the work and his bus driving, he found time to volunteer for neighbourhood watch, was an active member of Aussie Melville Swimming club. Ossie had many interests and hobbies he performed small woodworking projects, was a keen painter and sketch drawer of some very fine pieces.

On top of all this he was a very keen Potter and sold much of what he produced, through an outlet in Cottesloe, how he found time for it we must wonder, he was also an avid reader and kept his mind sharp by doing crosswords, truly a man of many talents.

It was not all work as he and Beryl enjoyed trips to Hong Kong, Singapore and Bali several times. Ossie was the preverbal sportsman, 1941 Junior Shot Put champion, Hockey with the Fremantle Hockey club, before and after the war and of course his participation as a member of Cottesloe Surf Club.

He also featured in the columns of The West as he was spotted, walking his dog alongside the river collecting rubbish and disposing of it, by the neighbours who doxed him in to The West and they featured him in an article, as well he was featured going for his driver's licence test at the age of 90. (He ceased driving at 98)

As a final gesture to his fellow "Vets" Ossie left \$500 in his will for the "Vets" to have a drink on him. To say the "Vets" have lost a true champion is an understatement and we extend our deep condolences to his family

Vale **PETER STANLEY GOLDTHORPE** 29th January 1941- 24th November 2021

Peter Goldthorpe was truly a man of the sea - a champion surf lifesaver who spent the greater part of his life swimming, surfing, fishing, ski paddling and teaching others the vagaries of the ocean. Nothing escaped his gaze as he scanned the sea and shoreline, whether it was the swell, chop, drift, size of the breaking waves, underwater sandbanks - all were absorbed. The beaches between Swanbourne and Cottesloe were his haunt for almost 70 years, so much so that he was a seamount, like the Cottesloe pylon.

Son of Harry and Marjorie Goldthorpe, Peter was born in 1941, nine years after his brother, John. He attended East Claremont Primary School, and later when the family moved to Wood Street in Swanbourne, the nearby primary school. There his prowess at cricket and football soon stood out, however while riding his bike to trails for the State schoolboys' cricket team, he had an accident,

losing his front teeth. End of trails, and origin of his later nickname, "Choppers". Others knew him as Goldie. By the time he began high school at Fremantle Boys' School, Peter was a promising swimmer. In 1954, he joined the Swanbourne-Nedlands Surf Life Saving Club as a juvenile (under-14) member. Recognising his talent, the club paid for him to be trained at Claremont Baths by Jack Hughes, who soon knew he was coaching a future champion. By now, Peter spent summer and winter at the beach, he and two mates mastering and body surfing the winter swells.

The yearly rhythm of life for the three was, summer - surf club swimming races and carnivals, autumn - fishing for herring, winter - surfing and playing hockey. Fishing was mostly at North Cottesloe however occasionally the trio would ride rods in hand to the North Mole. Having no luck, they would fish until nightfall, then seek a train ride home in the guard's van, the guard's usual greeting being, "Ah, boys - a wet arse and no fish?" Mostly he was right! However it, was rare in later life that Peter not bring home a catch, summer or winter.

Vale

PETER STANLEY GOLDTHORPE

29th January 1941- 24th November 2021

By his mid-teens, Peter was on the way to becoming a champion surf swimmer, demonstrating this by winning cadet (under-16) and junior (under-18) surf and belt race State championships between 1957 and 1959, as well as being selected in Surf Lifesaving WA's 1959 State team.

In 1961, now a senior competitor, he still retained boyhood pleasure of winter surfing: he and several fellow members persuaded the Swanbourne club to allow them to spend chilly Sunday afternoons rowing an old, heavy wooden surf boat to Cottesloe and spending hours catching waves. Peter, who stroked this motley crew, always left the beach with his false teeth carefully placed in a small wooden box, which in turn was enclosed in a plastic bag containing two apples, the stroke's sustenance for the afternoon!

At the beginning of the 1961-62 summer, he transferred to the Cottesloe club, where he enjoyed his greatest success. Strongly built and imposing, in that decade he proved to be a powerful rough water competitor who won both surf belt and surf race championships, the only swimmer to do so in the 1960s. In addition, Peter was a member of four State champion rescue and resuscitation teams in 1962, 1963, 1965 and 1967. In 1963, he also won the Australian championship, a rare victory for a WA team. Cottesloe, with Peter included, also won three surf team championships. Not surprisingly, he was included in five State teams in the 1960s, being captain in 1968.

Peter was also a tireless worker for the club. Popular with his fellow members, after three years as vice-captain in 1965 Peter was elected captain, controlling all beach activities, including all patrols and competition. He held the position for six years, the equal longest term in the club's history.

John Barrington recalls that he was conscientious and tireless, ever present organising older members on the beach, as well as training juniors and cadets in surf swimming and team events. Peter rightly realised that from among them would come the club's future leaders.

After leaving school, Peter eventually became chief clerk in the engineering department of the City of Perth, retiring in 1995. Away from the surf, Peter's life revolved around his family; he and nurse Mary Murdoch married in 1968 and had two children, Davina (born 1973) and Ian (born in 1975). Besides his beach activities, Peter enjoyed playing hockey, captaining the Cricketers A3 team for several years. He was reliable in the backline from where he could encourage teammates, and employ his powerful clearing hit.

Retirement led to a second, 20-year part-time career as an instructor at vacation swimming classes, at different times at, Fremantle, Cottesloe beach and Lancelin. Children in his Cottesloe classes recall that they were taught far more than how to swim: the informal Goldthorpe curriculum, sternly imparted, included understanding changing weather and sea conditions, different wave types and how to negotiate them, plus surf awareness. Those in his classes have never forgotten his teachings.

Throughout his life, Peter's days included swimming and fishing, while in more recent years he was also a caring grandparent. Perhaps it was inevitable that when his grandchildren joined the Swanbourne club's nipper program, he would return to the beach where he first mastered the challenges of the surf.

Peter was an outstanding surf lifesaver, but as Paul Gerrard, who was coached by him, recently observed, he was much more - a principled man, inspiring, selfless, honest and straightforward. He left a legacy that will long be remembered.

Visitor: Kerryn Briody (Apology)

Meeting convened at 11:03am

President, Benjamin Stephens, welcomed all members. Acknowledgments made to all Life Members. Apologies, as registered, were noted. One minute silence held.

Annual General Meeting

MINUTES OF 112TH ANNUAL GENERAL MEETING & ELECTION OF OFFICE BEARERS HELD CLUBROOMS 18 JULY 2021

1. Consideration and adoption of the minutes of the 111th Annual General Meeting held 30 August 2020

Business arising from those minutes – Nil

Moved: Keith Fry
Seconded: Bruce Simpson
Carried

2. Consideration and adoption of the minutes of the Special General Meeting held 4 October 2020 (Notice of Motion changes to Constitution – removal of Secretary role)

Moved: Robert Watkins
Seconded: David Roper
Carried

3. Correspondence

No correspondence tabled

4. Consideration of Reports (Submission and adoption of the 112th Annual Report)

Reports adopted as stated

Moved: Richard Olson
Seconded: Maxine Lamb
Carried

5. Consideration and adoption of the Financial Statements for the 2020/21 Financial accounts

Statements adopted as stated

Moved: David Craig
Seconded: David Ellwood
Carried

6. Election of Office Bearers for season 2020/21

Benjamin Stephens thanked the Committee members for their contribution to the club during the previous season and confirmed the election of Office Bearers for the season as only one nomination was received for each

President: Benjamin Stephens
Deputy President: David Craig
Co-Captains: Gemmaley Walsh & Karlene Craven
Vice- Captain: Chloe Tucek
Lifesaving Officer: Deborah Dean
Junior Activities Officer: Julian Barry
Education Officer: Courtney Franz
Boat Captain: Jeffrey Burling
Board & Ski Officer: Wayne Adams
Patrol Officer: Paul McCarthy
IRB Officers: Breanna Jenkin & Dominic Lawrence
Beach Captain: Alicia Ward
First Aid Officer: Ethan Lewins

Carried as no other nominations received

7. Election of Office Bearers for Season 2021/22 (Nominations from the floor)

Benjamin Stephens called for nominations from the floor for those positions for which no nomination was received by the prescribed time. He reminded members that the nominee must be present and indicate their willingness to accept the office if elected.

Treasurer: Peter Ferguson

Nominee accepted position
Moved: James Laurenson
Seconded: David Ellwood

Youth Development Officer

No nomination received from the floor

Gear Officer

No nomination received from the floor

Handicapper

No nomination received from the floor

Members voted from the floor confirming the above.
Carried

Annual General Meeting

MINUTES OF 112TH ANNUAL GENERAL MEETING & ELECTION OF OFFICE BEARERS HELD CLUBROOMS 18 JULY 2021

8. Awards

Invitation to Peter Leaversuch, Chair of the Award Committee, to address the meeting.

60 Year Long Service Award

Kerry Davies
Barry Olsen
James Laurenson

50 Year Long Service Award

Stephen Redbond

40 Year Long Service Award

Paul Beattie

30 Year Long Service Award

Barry Demmler
Craig Fairhall

25 Year Long Service Award

Paul Gohrt

9. General Business

Kim Welch formally thanked and acknowledged the building committee, led by Mike Franz, for their significant work and contributions to date. He advised that a new building committee would now be driving the building project chaired by David Craig, and including David Ellwood and Kim Welch.

Kim updated the members on progress of Indiana Teahouse development including provision for a new boatshed, along with a continued dialogue with Fiveight.

1. David Roper suggested purchasing more cardio gym equipment for the club gym, namely a cross trainer and treadmill.

2. Peter Rattigan raised the issue around potential upcoming carparking changes/loss of the car bays along the Cottesloe foreshore, and asked if the club was in dialogue with the Cottesloe Council. Ben Stephens replied that whilst this was in the hands of the council, the club was in regular dialogue with them over such matters. Jim Laurenson asked what the provision was for developing more parking at Napier Street, which was the alternative proposal to alleviate loss of parking bays elsewhere. Ben Stephens replied that the club was aware of this, and the valid concerns around distance from the beach which did result in some drop off zones; although not really quantifiable at the moment in terms of exact impact, the club will continue to build on its relationship and dialogue with the council.

3. Peter Kuhne raised a concern regarding patrolled hours extending until 6.00pm on weekends, citing the impact of the longer shift on younger members particularly with regards to their study etc. Felt it was a waste of time and that 5.00pm would be a more appropriate time to close patrols. Ben Stephens acknowledged this concern and explained that this had already been flagged following a debrief from the previous season, and would continue to be reviewed in line with the provision of necessary lifesaving support to the community.

4. Ben Stephens extended the club's thanks to Marg Bond for all of her work in the organisation and preparation for the AGM.

5. Kim Welch extended thanks to Ben Stephens on behalf of the management committee for another season as President of the club. He acknowledged the time and effort Ben invested into the wellbeing of the club and expressed his confidence in the club's direction under Ben's continued leadership.

5. Ben Stephens called the meeting closed, and in club tradition, declared the bar open.

Closure

There being no further business to discuss, the meeting was closed at 11.43am.

Cottesloe Beach

President Report

Dear Members and Supporters,

It is with great pleasure I present this 113th Annual Report of the Cottesloe Surf Life Saving Club (Inc.) on behalf of the Management Committee for the 2021/22 season and again note no lives were lost during our patrols at Cottesloe Beach.

“One of the tremendous skills you learn as an active surf life saver is that of resuscitation. Together with the other ‘R’, of rescue, we have both the indelible image of surf life saving – the R&R drill – as well as our two most fundamental skills. Yet over the life of the movement our approach to these skills has not remained static, new approaches have been developed and new methodologies have evolved. There has been change.”

“Much of the effort of the last two years has been to introduce members who have never previously held a position in the Club, perhaps in any organisation, to the role of an office bearer. In doing that, I have considered it my role to act as a bit of a ‘windbreak’ and provided a backstop to the myriad of tasks so that the new office bearer has time to ‘take root’ and not get washed away in the storms that can be Club life.

In some cases, the right role has been identified and we have seen the roots shoot out. In others, perhaps a transplant was needed to a location with more sun, but they live to fight another day – perhaps slightly over fertilised.”

“An annual report is an interesting document in that it acts as a communication to current members at the conclusion of a season and provides a historic record from which at ‘somewhere ages and ages hence’ we may look back, review with a sigh the paths we have, or have not, taken as a Club.”

“While the last 18 months can undoubtedly be described as a difficult period for the Club, I am heartened by the resilience that ensured we stayed positive, focused on our objects and delivered a season where no lives were lost on Cottesloe Beach.”

“Look back on my past President’s Reports I’ve started this missive previously with references to the Pareto Principle and a graph of sustained management experience; a metaphor of windbreaks, taking root and over fertilisation; and even a Robert Frost poem with accompanying stained metaphor on ‘negativity infection’. Turns out timing is everything when it comes to virus metaphors.”

President Report

So each of my President's Reports has started. I figure if influencers are deliberately re-wearing outfits on Instagram in the interests of sustainability recycling a bit of prose can't be a bad thing. Outside of being in my head (not advised) assembling these snippets of my President's Reports is a relatively easy way to highlight the narrative of my time(s) as President over the last ten years.

It started with the identification of the need for change and highlighting our most notable successes have been achieved when we have consistency in management. It then focused on team building and introducing people to office bearer roles in the Club, hopefully in a way that is thankful for their contribution and doesn't burn them out. The narrative did get a little abstruse with the poem, but in essence was stay positive (and don't be an asymptomatic carrier of negativity), don't over analyse and try to reduce decision loops to as close to the front-line as possible.

Presidential narrative part 2 highlighted that it's how a system performs at its worst that can be most illustrative and it is important for us to take our inherent resilience and build it into our Club systems. The final part of the narrative is 'Lock it in Eddie' - the move into the structure changes and codifying how we are doing things in writing.

Possibly the best example of 'locking it in' is the relaunch of an up to date strategic plan, that is a product of General Manager, Kim Welch, external consultancy firm Shape Management and the input from office bearers who have spent multiple years in their roles, with particular leadership from Peter Ferguson, drawing it all together. The aim is for this to be a living document that benefits from the debriefs we conduct after each season but now the narrative, or vision, we are working to is clear. When ideas are proposed or resources sought

Presidents Speech

they can now be tested against the strategic plan and if they further those objectives then it will be clear why they were approved.

At a more mundane level the strategic plan is often a requirement for grant requests when seeking funding for building works, so the document will also help in this space too. The Building Committee of David Craig, David Ellwood, Peter Ferguson, Kim Welch and myself met regularly to consider funding pathways and other concepts that may be feasible for the space, at the same time staying true to the central principle of being a surf club first and foremost.

It does seem I have a propensity to refer to the 'overwhelmingly positive' reports from the officers in annual reports, and this document is no exception and I commend their reports to your review. Another 'overwhelmingly positive' sign of where the Club is positioned was the attendance at the Annual Dinner. The event was not just populated with club stalwarts, always great to see, but three tables representing the Woodside Nipper Parents. Even more positive was the calibre of the award finalists and winners – representing such a cross section of the Four Pillars of Surf Life Saving.

President Report

Another great signal that we are on the right path was the senior club competitors taking out the Handicap Trophy at the 2022 Senior State Championships. It is a great signal because it's based on improvement over a number of seasons not just from one year to the next. This is a huge endorsement for all the hours the coaches and before them age group managers have put in to helping these competitors get the most they can out of surf sports. Congratulations must also be extended to our Club Co-Captains, Karlene Craven and Gemmaley Walsh, who have worked together as a great team to bring much needed enthusiasm and focus to surf sports!

In addition to the presence at the Annual Dinner, the Woodside Nippers part of the Club are also a presence on Sunday mornings. Participation has gone from strength to strength and it's always great to see the organised chaos that is Sunday mornings. Thanks to Julian Barry and his team of Age Group Managers, coaches, supporters and parents for running one of the best Woodside Nippers programs on the coast, and for also stepping up and supporting Club fundraising and social activities across the season.

Deb Dean provided another huge effort as Life Saving Officer and lead from the front in tackling the many challenges of that portfolio. Thanks to your team, very much at the coalface of our lifesaving services offered to the community.

Thanks to Courtney Franz who finishes her second year in the Education role and steps down to plan a wedding, congratulations! Courtney made some real in-roads into setting up a standard education calendar, and with Deb Dean really brought the focus back to the role of proficiency in skills maintenance.

It would be great to see more members get involved in training – it is a very rewarding area of the Club, so if you can get involved, even in a small way, let Kim know!

Thanks to Garth Walter for stepping into the Youth Development portfolio, his experience in managing covid responses in other organisations, together with strategic planning and risk management experience was a welcome addition to the Committee.

Thanks to Administration of Kim Welch and Anna Walter. It's quite possible for every one thing that you see being done there are another five activities on the go.

Outside of the Management Committee I'd also like to thank a few members whose names have been constant over the last ten years. Firstly Marg Bond, for the most part in the office, but also popping up on the awards committee, foundation committee and annual dinner committee over the years! Owen Ashby, a bed rock in the Café and Paul Gerrard as Cottesloe Mile Coordinator. Robert Watkins and the Veterans have also been a constant over the last ten years, their membership popping up to support the Club at a moment's notice.

Finally, thanks to Peter Ferguson for what he has undertaken in the Treasurer role this season and has previously undertaken as the Club Captain. Peter has a depth of experience both in and outside of Surf Life Saving and so I also thank him for taking on the role of President for next season and wish him and his Committee all the best!

Ben Stephens - President

Treasurer Report

As a headline, with Total Cash Resources of \$1,025,091 it is pleasing to report that our Club has this year achieved, and exceeded, its long term target of \$1,000,000 total cash by 30 April 2022. This is a resounding acknowledgement of the planning and management of our Club's investment strategy and Foundation. This year the Foundation cash also increased to \$757,853 and these very strong and healthy cash balances will sustain the Club well into the future.

In another year where our Club was affected by Covid measures it was a significant achievement that we maintained a surplus for the fifth consecutive year, and our overall financial position again strengthened

significantly. This was despite the Job Keeper subsidy of \$66,000 and the Non Taxable Cashflow bonus of \$10,000 ending in the prior financial year which, when comparing the FY21 surplus of \$71,212 to our surplus this year of \$20,721, underscores the strength of our financial results (including taking into consideration the impact of Covid restrictions, depreciation of assets; movements in stock levels, and timing of sponsorship revenue and receipts).

As stated in previous annual reports, total available cash is the most important financial number and measurement for the Club and will drive the Club forward. Some key numbers for our Club, are:

Details	2022	2021	2020	2019
Total Income	\$651,891	\$645,156	\$592,027	\$617,349
Cash Receipts	\$656,666	\$645,640	\$624,643	\$638,328
Surplus	\$20,721	\$71,212	\$112,936	\$26,303
Total Combined Cash Resources	\$1,025,091	\$981,388	\$904,494	\$856,661

There are a number of reasons for the above results, including increased membership numbers with a record 1417 members, which is a 5% increase from 1348 in FY21, and 14% higher than our FY20 total membership of 1244. Membership fees year also increased 15.7% to \$188,180.

Some other areas worth highlighting include the Bar which saw a substantial increase in Income, up by close to 100%.

A number of large events contributed to this and a significant increase in profitability. The Café continues to be well managed and very profitable, the Apparel Shop sales increased, however costs and mark downs also increased.

Friday night activities continued to be popular, as were several 'Sunday Sessions', and the Cottesloe Mile was again a highlight of our calendar, and a financial success.

\$Treasurer Report

Another highlight of the year was, as in prior years, the fundraising effort during Sculptures by the Sea. Over the course of this event, good financial gains resulted for our Club, and of equal importance feedback continues to be that this event, which involves all areas of the club from Nippers to our Vets, is as popular with members as it is with the Public.

A final note is the positioning of our Club for growth now and into the future. Our strong financial focus and discipline is producing results and underscores our Mission and Vision in our Strategic Plan, our Building Redevelopment planning and most importantly the ongoing development of our strong Club culture.

Peter Ferguson | Treasurer

Sculptures by the Sea Fundraiser

Perpetual Foundation

The Perpetual Foundation Fund consists of donations and bequests from generous people in the Community who support our vital volunteer work to ensure our iconic lifesavers can continue to save lives on the beach. As Chairman, I report that the Trustees of the Foundation, consisting of Robert Watkins, Margaret Bond, Bruce Simpson, Benjamin Stephens and myself, met twice during the year. This year, there were no changes to the Trustees of the Fund. The role of the Trustee is to manage and administer the Fund and I thank these members for their contributions during the year, especially Margaret who researches the various investment options to be passed on to the Management Committee.

Funds with AMP Bank & ME Bank were rolled over for the same term this past year to obtain the highest interest rates possible at the time. The investment with ING Bank was redeemed at maturity due to the marked decrease in interest rates with that financial institution. The Trustees have recommended the funds be invested with another financial institution, My State Bank, which has been approved by the Committee. Paperwork is being completed at this point in time. Whilst rates have been steadily increasing since Covid-19 times, the term of this new investment has been reduced to a term of 11 months to allow for the maximum rate possible and to allow for the fluctuations in interest rates expected within the next 12 – 24 months.

As per the Constitution, funds are invested in authorised deposit-taking institutions (ADI) that are covered under the Australian Government Financial Claims Scheme (FSC). The FSC is a government-backed safety net for deposits of up to \$250,000 per account holder, per ADI, in the unlikely event that one of these financial institutions fails.

I am happy to report the Fund cash in bank balance as at 30 April 2022 was \$272,187.71 (which included redemption of the ING Term Deposit (\$258,064.00), interest from all Term Deposits, Interest on the bank accounts plus donations). Four Term Deposits totalling \$485,705.37 are held on behalf of the Foundation at present. Therefore, total funds held on behalf of the Foundation as at 30 April 2022 were \$757,893.08.

Donations from our generous Donors and Cottesloe Veterans (\$5K) totaled \$9,855.00 this year. We would like to take this opportunity to thank our valued supporters for their generosity & ongoing support to the Club &, in particular, the Foundation. We would also like to thank the Club for their support over the years and whilst they were unable to transfer funds to the Foundation again this year, the support from Management is still recognised and acknowledged.

It is important that members are aware that, as a Perpetual Fund, the capital is preserved. In line with the Constitution, the Club's Management Committee can only access five percent of the amount standing to the credit of the fund at the commencement of the Club's financial year. Barring this, the consent of the majority of members present and voting at a Special General Meeting is required to access funds in excess of this percentage.

To find out more information about making a donation or bequest to Cottesloe SLSC, please contact the office at admin@cottsurf.com. Donations are tax deductible for Donors. I thank all Donors to the Fund and can assure them that any such contribution will be properly managed for the benefit of Cottesloe Surf Life Saving Club.

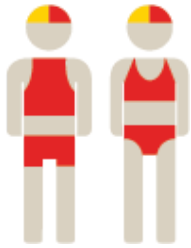

John K Olsen
Chairman

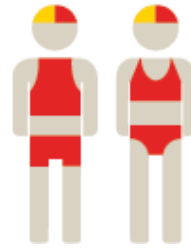

LIFESAVING

Lifesaving Report

Members patrolling: **225**
Hours patrolled: **6321**
Preventative actions: **1542**
Rescues: **4**

For those members who love their statistics, the above provides a snapshot of our season and reflects a similar trend to recent years, with our active patrolling member numbers flat-lining for the past few years and fewer outstanding contributions of active members with patrol hours in excess of their rostered hours.

For those members for whom statistics do not tell the story, read on!

Lifesaving Officer Report 2021/22 Season by Deborah Dean

Covid still presented a challenge for the provision of our essential services this season, with many of our patrols barely compliant due to isolation rules and regulations.

We also had an historically long hot summer, with beach attendances at record levels (despite our record-keeping not necessarily reflecting the same - I would be the last to admonish our over-stretched Patrol Captains for not rigorously documenting hourly beach attendances when our priority is always having eyes on the water, and not buried in an iPad).

So with that said I most definitely wish to thank every single member who put in even one session on patrol, as your showing up and donning the red and yellow are what defines our Club.

Four rescues in a season does not tell much of a story; there are so many 'almost rescues', or quick-thinking preventative actions that are note-worthy - our fabulous summer weather combined with a frequent shore-dump meant many a toddler, or less-than competent adult was helped to their feet, or to the shore, by a patrolling member - being there, and being in uniform meant that tragedy was averted completely.

To those rescuers, and you know who you are - well done, and thank you for showing up and doing your job. Your actions may have seemed modest at the time, and lacked the impact of Bondi-rescue type drama, but none-the-less they are the reason our beach is so well loved by Perth beach-goers - a safe beach, made safer by our patrolling members.

Lifesaving Report

We continue to maintain fourteen patrol teams and a roster system, which works reasonably well, but is only possible because of the efforts of our Patrol Officer. Paul McCarthy does a fantastic job here - coordinating 14 patrol teams over a season to end up with a fair allocation is an extremely difficult task and one that was handled efficiently and with nary a peep from our Patrol Captains - definitely a sign of a job well done - thank you Paul. Sharp-eyed readers will note the use of the present tense regarding Paul's position - definitely need his skills for another season or two!

Paul also covered for our short-comings without a specific event officer - it seems our calendar fills up with additional obligations and expectations and as always, whilst we both had late nights stressing over our ability to provide water safety for events such as the Cottesloe Classic Mile, Open Water Swim series, and Rottnest Channel Swim - let alone Public Holidays - the smiling faces of our patrolling members would greet us in the early mornings and all of these events went off uneventfully, which is exactly our aim from a lifesaving perspective.

Special mention must also be made of our IRB co-coordinator (with Bree Jenkin), Patrol Captain and patrolling member extraordinaire, Dom Lawrence, for another exceptional season, now taking on training IRB crews and drivers, as well as continuing to add to his laundry list of lifesaving qualifications (need rock rescuing anyone - Dom is your man!). As a Club we can only hope that his new position with the WA Police Force does not impede his volunteer activities too severely, as he covers more bases than Babe Ruth hitting home-runs and we will be hard-pressed finding volunteers with his skillset and commitment level. Thank you Dom, and no, I'm not just saying nice things about you in case I get picked up for speeding!

Watkins patrol members

One skill that Dom hasn't yet picked up is that of the fine art of Drone Operations, and this season we have been able to consolidate our drone operations (once SLSWA deigned to provide us with an operational drone - not quite sure how Covid affected the dispatch of getting said drone off a shelf at SLSWA, but apparently, it did) with the drone conducting a number of sorties every weekend of the season.

Thank you Mark Fortey for stepping up and ensuring your small group of qualified operators were up to the task. Training plans for new operators are still a work-in-progress, but overall, drones are quickly becoming an invaluable tool for advanced observation and we will work on prioritising training for season 22/23.

Patrolling members who love technology, don't really enjoy getting wet, or dealing with the general public, are ideally suited to drone operations - happy to be inundated with expressions of interest for next season if you wish discuss further?

Lifesaving Report

Surf Clubs Australia-wide face the same tasks and difficulties, particularly in the volunteer space, with our ever-increasing ‘busy-ness’ and onerous compliance requirements (another requal anyone???) leading to a nation-wide shortage of volunteers. Whilst our Club manages to fulfil our obligations, and in most cases, provide an exceptional level of service to the public, we need to look forwards and see how we meet expectations and commitments, without burning out the core of volunteers who do commit to our fundamental purpose - lifesaving.

After being in this role for a couple of seasons I now have a strong grasp of what needs to be done, and a realistic idea of how - but without additional member support the workload for the few that do step up will not be sustainable.

I do hope whilst we are recovering (in all ways) from the impacts of Covid, that our collective renewed appreciation of our beloved Club community therefore translates to members considering our core function and supporting our lifesaving operations to ensure a viable future. And no, you don't need your Bronze, or to get wet - we all have different skills, and I am sure we can find a task to suit anyone!

Deborah Dean

MEMBERS WHO COMPLETED IN EXCESS OF 50 PATROL HOURS THIS SEASON

MEMBER	ROSTERED PATROL HOURS	ALL PATROL HOURS
Mark Fortey	39	75.91
Michael Ivey	42	69.5
Stephen Goodard	39	68
Javi Marginet	34	64.05
Paul McCarthy	49.5	62.83
James Jenkin	38	61.75
Phoebe Packard	42	59
Deborah Dean	46.25	57.75
Jessica Cairney	26.5	52.33

EDUCATION & TRAINING

Education & Training Report

The 2021/2022 saw some challenges within the Education section; however, our fantastic trainers delivered some great courses throughout the season.

Proficiencies were again a challenging aspect of the season; however, most members were able to have theirs complete before the December 31st cut off. Our amazing Titans got in first with their proficiency early in the season as an activity during their pre-season sleep over. Members were then asked to sign up to a date to complete both their dry and wet components on the same day.

Despite marine animal sightings and all manner of weather conditions to contend with, all our members and trainers showed great skill in the conditions.

With the small number of dedicated trainers at Cottesloe, we were able to have the following achieved:

- Bronze Medallion – 47 members
- Surf Rescue Certificate – 17 members
- Advance Resuscitation Techniques (AID) – 5 members
- IRB Crew – 10 members
- IRB Driver (Silver Medallion) – 1 member
- First Aid – 12 members

The fantastic work that our trainers do each season is amazing with the time and effort applied to ensuring all members are updated with awards and ready to go for Patrols. A big thank you to our Trainers; Deborah Dean, Ben Stephens, Stephen Goddard, Jiorja Ralston, Breanna Jenkin and Dom Lawrence.

IRB Crew Training

SURF SPORTS

Senior State Titles

Co-Captains Report 2021/22 Season by Karlene Craven & Gemmaley Walsh

Surf Sports Report

As this was our second year as Club Co-Captains, this season we had more knowledge of how the lay of the land worked and used this experience to the best of our ability to improve the surf sports area. Once again our focus was not only on competition but focusing on creating an environment that fostered a sense of inclusiveness, opportunity and community spirit.

Therefore, we would like to say a massive thankyou to these following members that have volunteered their time to help achieve this. Chole Tucek (Vice Captain), Garth Walter (Youth Development Officer), Jesse Tucek/Lachlan Bridgland (Titans Officers), Wayne Adams (Board and Ski Captain/Ski Coach), Glenn Eldon (Board and Iron Coach), Murray Bridgland (Swim Coach), Alica Ward (Sprint/Flag Coach), Nick Ferguson (Distance Running), Ian Cook (Strength and Development Coach), Jeffery Burling (Surf Boat Captain/Coach), Paul Beattie (Surf Boat Coach), Stuart Turnbull (Surf Boat Coach), Peter and Natasha Leaversuch (Stubby Stakes and Sunday Morning Event Coordination), Peter Berry (Handicapper), Jim Laurenson (Race Starter),

Gail Robertson and Helen Franks (Record Keepers). Jo Suda (Photography).

We're lucky and grateful that most of our experienced coaches and some new coaches across many disciplines continued to share their time and knowledge with our members. These coaches have run a number of training sessions and offered much needed support to help develop our up and coming competitors. Our coaches are even keen to offer a helping hand and support for Cottelose competitors at carnivals.

This season Cottesloe hosted a senior beach carnival; it had been many years since our great Club last hosted any senior carnival. A lot of work went into getting this off the ground and even a storm that filled the beach with seaweed wasn't going to stop us from showcasing our lovely beach and Club spirit.

None of this would have been possible without the army of volunteers, so thank you to everyone that helped rake the beach, setup/pack up, officials, BBQ helpers, cheer support, admin staff, competitors and anyone else involved.

Surf Sports Report

A good example of inclusiveness, competitiveness and community spirit continues to be Friday nights and Sunday mornings down at the Club. Over the season Friday nights have included gym sessions, Stubby Stakes, flag and sprint training, pizza nights, food trucks, music, letting the kids run off some energy and simply just enjoying a drink while watching the sunset with your fellow members.

Sunday morning activities still remain ground zero for Cottesloe Surf Club, the morning is jam packed!! Most Sundays you would see our Vets hitting an early dip, early bird ski paddlers, hot coffee on the menu at the café with preparation well underway for the BBQ and members pre ordering those delicious cinnamon scrolls. Marg opening up the office for new members and taking monies from members willing to part with it, Kim floating around keeping things in order and taking pictures for the socials, the first surf boat has been launched, those keen Nippers getting some extra training in, Sand Fairies training hard, the morning patrol preparing for the busy morning ahead, Jimmy making sure that start line is straight and the flags are ready for the Titans Sunday activities, Nippers starting to gather, looking at the water and what challenge they face today, our very own U14 to Open members slogging out against one another to sharpen their skills and competitiveness, Peter B gathering the swimming masses for the podium announcements, Tracy selling the club merchandise and culminating with a sausage sizzle a drink and a well-deserved chat at the end of a busy morning.

Every area of this club is involved on a Sunday morning and we continue to thank everyone for what they do to make Sundays run seamlessly.

Board & Iron Squad

A word with Glenn Eldon

This year saw many new faces join the group of Board and Iron competitors on Monday evenings, Wednesday, and Saturday mornings. The most pleasing aspect of the group is the culture they are building together. They are different ages yet all good friends who support each other, enjoy each other's company, have fun at training and are improving together.

The competition results of the group continued to improve throughout the season with most having their best performances at the State Championships. The competition is extremely tough in the Water Arena with the top five clubs running well-resourced and professional surf sports programs. We will need to be more diligent and train harder if we are going to turn those silver and bronze medals into GOLD medals next season.

I look forward to many of this year's U13 Nippers joining the group and developing their skills on the senior boards. We have a big opportunity for our competitors to compete at the Australian Championships at Scarborough Beach next March.

The best way to prepare for next season is to have a solid pre-season as it will be too late if you wait until October to start training. The reality is swimmer's and ironmen/women should be swimming a minimum of four sessions per week over winter and ski paddlers on the ski at least four times per week if you wish to be near the front of the field next summer.

I look forward to seeing an energised and motivated group of board paddlers ready to get to work on the river in June.

Surf Sports Report

Swimming

A word with Muarry Bridgland

We had a great season with the swimming program. Some awesome results achieved through the season. At times we had some challenges with pool closures, lockdowns and covid protocols. Nevertheless, we worked through this and built a great base and team.

Numbers have been climbing and at times we had issues with the amount of space in the pool. Love it. I specifically target major carnivals and states so the program will build to each of these events. We also had a number of swimmers built for open water events with some great results. Everything we do has a reason.

The nipper program also had great results and I am looking to get these kids up to speed so they can progress into the senior ranks with confidence.

Moving forward, I see the program building momentum and the results will follow. There are some great kids coming through and I am looking forward to seeing how far we can take Cott Surf Club.

Skis

A word with Wayne Adams

Another great season done and dusted with some awesome results in our board and ski section. Huge thank you to the parents for the faith and trust they have placed on the coaches and management of their young athletes.

We had some new faces starting their journey of self discovery, with winter ski training, five months of hard work and determination over those cold nights rewarded at the start of summer. Sunday morning club events are a great measurement of skill progression, in an competitive but fun environment, with varying conditions each week allowing for development on their chosen craft. Great to see parents jumping in on the action also.

Looking to next season with the Aussies here in 2023, we will be in a great position to showcase our talented athletes on the big stage against the best in the country.

We have had great support from the Board of Management in terms of funding, and that is reflected in equipment available to our members. Where we have seen effort, and dedication, equipment allocation has followed.

Excited for the next season, and seasons to come, Cottesloe is growing a great brand again, and is awesome to be here at this time.

See you on the water!

Winter ski training

Surf Sports Report

Surf Boats

A word with Jeff Burling

Welcome to Surf Boat Rowing Season for 2021/22.

The aim is to row your 210kg boat out through the swollen surf, turn around and catch a wave back to shore. But is it really that simple?

As soon as you hit the waves you realize what a precarious situation you are in. A successful boat needs two things: set and swing. Without these the boat tips back and forth and jerks front and back, making it impossible to build momentum and speed. It only takes one mistake and you are propelled from the boat. In order to find the set and create swing, everyone must work together to balance the boat; and have exact timing. Your hands must be at exactly the right height as you slide up to the catch. Every oar has to drop into the water at the exact same time. Everyone needs to pull at equal pressure. All the blades need to come out of the water and release in unison. Any deviation disrupts the boat.

These skills are taught here at Cottesloe SLSC by our incredible trained professionals called Sweeps. Sweeps not only instruct the crews on the techniques needed to race but also actively steer the boat in the surf during racing. Having an experienced and well skilled Sweep can be the difference between a Gold Medal and or not finishing a race. It really is that important. A Sweep is the powerhouse behind the Surf Boat and in my 19 years as Surf Boat Captain of Cottesloe SLSC I can say that this season I am privileged to work with two of the best.

Together Paul Beattie and Stuart Turnbull have accumulated over 83 State and National Medal; both Rowing and Sweeping Surf Boats.

Add this to my 100+ State and National Surf Boat Medals, we are the most experienced Team of Sweeps on the Western Australian Coast. (183+ Medals between us). It is an honor to be inspired by these men and collaborate our intensive and motivating training sessions together as a Team. I could not tell you the hours we all put in as Volunteers, but it certainly replaces a part time job.

The Sweeps here at Cottesloe SLSC offer invaluable mentorship to every rower from the Arena. Their contribution in terms of training, maintenance and competition is ineffable. The Surf Boat Arena has achieved enviable success this season winning 8 State Team Medals. Collectively 26 of our Surf Boat Rowers walked away with a State Medal this season. An incredible result both personally and for our Club.

The Open Men's Team, the Cottesloe Cookers won the Gold medal in the Short course State Championships this season. Many crews train for years to accomplish this and never succeed. The Team consisted of Jeff Burling (Sweep) Josh Gray (Stroke), Dan Hall (3), Eamon Murphy (2) and Lucas Sibma (Bow). This crew personifies feeling the set and the swing and entering a pure flow state of performance. Great teams like this know how to find this flow and rhythm and how to make small adjustments to deliver exceptional results. Congratulations!

Rowers who thrash in the surf don't feel the rhythm of the swing. All the sweeps worked tirelessly developing the Under 19's Girls Crew (Cottesloe Chaos) this season. They focused on pulling the oar back evenly and at the right time; which was the key to their phenomenal success. The Under 19 girl's crew won two State Medals; a Gold Medal in the Short Course and a Silver Medal in the Long Course Events. This crew consisted of Jeff Burling (Sweep),

Surf Sports Report

Sarah Dale (Stroke), Ruth Martin (3), Noa Case-Tenten (2) and Alecia Price (Bow). With so much depth of talent here they will be exciting to watch in coming years. Congratulations!

With a continued strong focus on developing the youth in our club this season the Under 19's Men's crew (Cottesloe Cavemen) certainly didn't disappoint. As a dedicated, hardworking team they won 2 Silver medals in the State Short and State Long Course Championships.

What a pleasure it has been to watch them be inspired and achieve their goals.

Congratulations to Jeff Burling (Sweep) Adam Forty (stroke), Jack Burling (3), Kalagan Driver (2), Max Kaelin (Bow)

Team sports like Surf Boat Rowing teach us how to co-operate with our peers and work together for a common goal. As a rower you share the responsibility of not letting your teammates down. You need to be willing to put it all on the line for each other, and become one.

This incredible effort resulted in us winning another Silver medal at the State Titles this year in the Surf Boat Relay, There is nothing quite like sharing such a victory with your teammates.

Feelings of friendship between team members remain strong over time because the feeling of working together with peers towards a common goal creates a connection Our Masters Crews have both formed life long bonds of friendship.

The Cottesloe Muppets raced in the 220+ age division and the Cottesloe Cruise Liners raced in the 160+ masters. Both Teams won a Bronze Medal at the State Championship. So heartfelt congratulations go to Stuart Turnbull (Sweep) Lenart Tenten (stroke), Mike Ivy (3), Peter Leaversuch (2) and Myles Kennington (Bow) from the Cottesloe Muppets as well as Paul Beatty (Sweep), Martin Edwards (Stroke), Stuart Turnbull (3), Eamon Murphy (2) and Jeff Burling (Bow) from the Cottesloe Cruise Liners. Another incredible result for the club!

I am sure you will agree that Surf Boat Rowing is a fantastic sport that teaches us many life skills. You will develop leadership qualities and foster team spirit. Participating contributes to planning skills and strategic thinking. So not only are you improving your physical health but your mental health also flourishes.

And finally thank you to everyone that has made it possible for all of us to enjoy and participate in the sport of Surf Boat Rowing here at Cottesloe SLSC

We all appreciate you so very much.

Albany long weekend surf carnival

Surf Sports Report

Handicapper

A Word with Peter Berry

Going into the 2020 AGM there was no Handicapper, and I was going to volunteer if nobody else did, but Sonja Madden's hand shot up enthusiastically and I got to spend another season booing the Handicapper, you know, just because you can. But no hands went up in 2021 so I got involved. The booing is part of the fun of the role, and as I said one Sunday morning when there were a couple of stray cheers when Jim introduced me, anyone caught cheering will have 30 seconds added to their handicap, because if you're happy with your handicap the Handicapper hasn't done their job properly.

Early in the season that would've been an entirely reasonable accusation as it seemed I was the only person on the start line who didn't know that Mark Everett was going to win the Hartley trophy. Never mind, well foxed Sir. hat is the challenge throughout the season, trying to work out who is 'managing' their

handicap, and this was an early lesson that I probably wasn't going to win that war, but the common battle you can win is not giving a handicap reduction after someone tanks by 2 minutes compared to their fastest swims.

On to the racing, and across most divisions there was plenty to play for late in the season. With 6 swims to go, any of 13 swimmers could easily have won A division. In the end Paula Redbond and Ian Vilkson went into the last swim tied on points, with Paula prevailing. B division after a close first half of the season became a 3-horse race, and going into the last swim, Robert Watkins was 1 point ahead of Stephen Redbond who was 1 point ahead of Bruce Simpson. Each scored just 1 point on the last day, so Rob got the chocolates.

Other categories didn't have quite the same last day excitement, but what all the winners had in common was that they all turned up most weeks, so even if you're not scoring the big points, you'll still be in the mix if you show up. Bailey Tucek, who I admit in hindsight got some rough handicapping, was still in it late on despite not scoring more than 1 point since week 5 because he was there almost every week.

The top 3 in each division

	1st	2nd	3rd
A	Paula Redbond	Ian Vilkson	Rob Czaplinski
B	Robert Watkins	Stephen Redbond	Bruce Simpson
C	Paul Tucek	Sean Reddan	Melissa Cazula Calatayud
U19	Hollie Tucek	Angelina Kearney & Lachlan Bridgland	Will Everett
U17	Flynn Czaplinski	Marcus Van Bueren	Adam Fortey
U15	Tara Kearns-Flanagan	Coco Smargiassi & Sam Hicks	Sienna Howard
U14	Paige Grover	Annabel Hurst	Piper Lloyd

Surf Sports Report

Quick well done to Flynn Czaplinski who achieved a handicap of 4:35 at the end. Good luck to Flynn getting to 5 minutes, albeit he isn't the only one in the running.

The most popular race of the season was the Groyne to Groyne with 62 competitors. The Presidents Cup and Club Marathon both had 50+. Across the season we had 126 swimmers, over 30 of which were doing their first club swim. Hopefully lots of these people will become regulars over the coming seasons.

Club swims don't happen without the help of lots of people, so thank you to Jim Laurensen,

Helen Franks and Gail Robertson who are there every Sunday starting the race, timing it, recording results, even running the whole thing sometimes; Sonja for the comprehensive handover although she wasn't the only former handicapper who offered advice!; all the patrol members who provided water safety and took the buoys in and out, a lot of the time just with boards due to no IRB; Myles Kennington who stood in for me a couple of times (good practice for when he becomes the Handicapper); and finally everyone for coming and swimming every week – club swims are good banter whether I'm handicapper or not, they're a great way to meet other club members, and there are a lot worse ways to spend time on a Sunday morning than in the water at Cottesloe Beach.

Sunday morning Club competition

Surf League

SLSWA once again changed the format of the Surf League. This season there were only two rounds with three age divisions, Open, U18 and Youth (U14 & U15).

This season's team format was modified to allow clubs to race for points while not restricting members' ability to experience the exciting format that is the WA Surf League.

It was great to see our younger and returning competitors mixing with some of the best in the state, learning from each race, supporting each other, shaking off a bad race only to improve in the next.

Cottesloe finished 6th overall, which is a fantastic result considering Cott basically had no open competitors. Congratulations to all of our hard working competitors and coaches.

Surf Sports Report

Youth

This season we have continued to focus on helping develop our youth members, as these members are the future of our club. Garth, Jesse, Lachy and Bec have been a big help in this area organising information night, showing learning and training pathways to the youth, social events and planning a camp.

We would like to congratulate Chloe Savage, Annabel Hurst and Sienna Howard on being selected to participate in the T.O.A.D Camp. Congratulations is also needed for Adam Fortey nominated for finalist for the Youth Official of the Year and Imogen Gracie nominated finalist for the Youth Achiever of the Year. The event ceremony will be held on Saturday, 8 October 2022.

Senior State Titles

It was that time of year again for our hard working competitors to see how they stack up against their fellow competition and put their year of hard work to the test. Unfortunately, for some of our hard working competitors their dreams were shattered before the event even started because of COVID but I am sure this will only make them more hungry for next year.

Team Cottelsoe had one of the best State Titles it has had in many years finishing 6th and being awarded Champion Handicap Club, well done to everyone that completed. We would like to give a massive thankyou to all our competitors, coaches, parents, water safety and officials for making this possible.

Karlene Craven & Gemmaley Walsh

2022 Champion Handicap Club pennant

Masters

The 2022 SunSmart State Masters Championships were held at Trigg this year and Cottesloe was represented by 9 masters competitors.

The Surf Boat State Masters Championships events were held a week later and Cottesloe was represented by three crews in the 160+ male, 200+ male, and 160+ female events.

As with previous years, the level of competition remained high as past State champions (some more recent than others) competed against each other. Cottesloe competed well and most competitors earned points for the club and many came away with medals.

At the end of the competition, Cottesloe came away with 3 gold, 3 silver and 5 bronze medals (results published page 57).

The club finished with 62 points. Top individual point scorer was Drew Masters with 10 points, followed by Masters debutante, Gerard Hurst, on 8 points. Both also contributed to extra points in the 200+ Beach Relay.

Drew deserved an extra medal for his team work in taking out the competition in the beach flags to allow his fellow club member to pick up a bronze.

Masters Co-Ordinator Stuart Cowie

The 70+ Ski race was a fight to the finish by the two Cottesloe competitors, Stan Davis and Robin 'Slats' Slattery. Slats led the race most of the way, however Stan came away with the gold after passing him just before the finish line.

A great day was had by all.

With the uncertainty caused by the COVID pandemic, Cottesloe did not have any Masters competitors representing the club at the 2022 Australian Masters Championships which were held on the Gold Coast.

Masters competitors

YOUTH

Youth Development

Our Titans group program is specifically aimed at our 14 to 18-year-old members. Ensuring a fun, engaging and competitive environment for all our members.

Once again, whilst this and other recent seasons will be remembered for the disruptions to our daily routines and the impact of COVID-19, there is still much to celebrate in the achievements made by our Youth and Titans members. These achievements fall within all key pillars of surf lifesaving - patrols, surf sports and training and education (some of which are reported elsewhere).

To sustain and build on these achievements, we have been working hard to build a strong and cohesive Youth and Titans group, mainly through our Sunday and social activities.

We kicked off the season with a BANG in the Youth space with an epic day of paintballing in September along with a Youth Club Camp over the weekend of 11 & 12 September. The paintball social event saw 41 Titans and family members get together. It was an exciting day for all of those that attended where we were able to meet again with our club members and leave with a few paintball bruises.

At the Youth camp on the weekend of 11 & 12 September, over 30 of our youth members had an overnight stay at the Club before smashing through their proficiencies on a glorious Sunday morning at Cott Beach!

The Cottesloe Youth Council has started this year discussing the interests of Cottesloe's youth by developing reports and advising the Cottesloe SLSC Management Committee. Several Titans were identified as leaders and joined the inaugural Council. The Council gives Titans a voice on matters impacting the youth, such as the rebuild and strategy of Cottesloe SLSC, the organisation of future camps, club events, youth events and activities.

I encourage our Youth members to continue to explore the opportunities to get involved at the club and also to check out SLSWA who have a whole bunch of awesome courses available for youth members every season.

A special shout out to Jesse Tucek who started the year as Youth Development Officer and Titans Captain, to Lachy Bridgland for taking over the reins as Titans Captain, to Dom Lawrence for leading the Youth Council and to so many others who contribute week in and week out, making our Youth activities part of a great weekend!

Youth Development Officer - Garth Walter

Jet-ski training

NIPPERS

WOODSIDE NIPPERS

Junior Activities Report

2021/22 proved to be another successful season for our Nippers, with over 480 of our youngest members partaking in our Woodside Nippers program.

The Woodside Nippers curriculum is comprised of 4 key learning areas – Surf Awareness, Individual Safety, Lifesaving Skills, Surf Sports Skills. Cottesloe SLSC runs the Woodside Nippers program from mid-October to late March each season. The season commences with pool proficiencies the Sunday prior to commencing beach activities, and proficiencies are held as per the SLSWA requirements for each age group.

There were many highlights over the course of the season, however a significant achievement was the ranking of 8th place overall at the 2022 Nippers State Championships held at Scarborough in March, where difficult conditions restricted the number of our Nippers competing (this also highlighted the importance of training in larger surf at beaches other than Cottesloe). Two other season highlights were Cottesloe nippers, Monty Stork and Jack Hurst, jointly winning the State Nipper Age Champion for U11's, and Tom Clements (U13's) collecting a bronze medal for beach flags at the Australian Championships ("The Aussies") – an awesome end to his Nippers journey, following his gold in the same event at States!

This was a tremendous effort, and a great reward for not only a determined team of Nippers, Age Group Managers and coaches, but also for the fantastic support team that brought them to that result – parents of course, our own club Officials, carnival entries, water safety, trailer towers, board hoarders, sausage sizzlers (led by Dale Cameron) café volunteers... an awesome team effort which saw our kids thrive as a result.

The board/swim/iron squad training (affectionately known as CIA – Cottesloe Iron Academy) provided on Wednesday and Sunday mornings, was led by Gerard Hurst, Gerry Flanagan, Rowena Buxton, and Brad Howard. The squad continues to grow in size, with up to 40 nippers training on any given morning, and this has been enhanced by the addition of younger age groups joining the squad.

There were many others who also contributed to the success of this squad, and I'd particularly like to thank all the parents and AGM's who provided water safety and additional coaching during the season. In addition to CIA training, a small group of our competitive Nippers also participated in Murray Bridgland's pool swim training squad, and Alicia Ward's beach training squad, providing an extra dimension to their training and competition. Thanks for another great season of coaching Murray, and thank you Alicia for adding beach training to our competitor schedule.

Tom Clements - 'Aussies' bronze medal

WOODSIDE NIPPERS

Junior Activities Report

From a competitive position, it was great to see so many of our Cottesloe Woodside Nippers so well represented, again with some great results for the club. Thanks to all of the AGM's, coaches, parents, members and officials who assisted with carnival set-up, pack-down, marshalling, water safety and officiating.

Congratulations to Jack Hurst (boys) and Zali Flanagan (girls), who were recipients of the CIA Coaches Awards, for most consistent athletes in the CIA squad. This season selection criteria included "Leads from the Front" (Jack) and "Most Determined" (Zali).

Sunday morning activities and surf carnival competition would not be possible without the dedication of our Age Group Managers who put so much time and effort into developing our future lifesavers, and a very special "Thank You" to the following team members:

AGE GROUP MANAGERS

U6	Marina Scully Bella Cowie
U7	Sarah Booyesen Tara Lalor
U8	Imogen Gracie Gerry Flanagan
U9	Samantha White Isabelle White
U10	Julian Barry Guy Smart
U11	Gerard Hurst Shane Davies
U12	Rowena Buxton Brad Howard
U13	Bec Czaplinska Rob Czaplinski Greg Clements

Sunday morning Nippers

Junior Activities Report

Thank you to Bec, Rob and Greg, who have completed their respective tenures as Age Group Managers, and thanks also to Sarah and Tara for commencing with the Under 7's. Thanks also to Guy who stepped up to assist me with the U10's.

The Club Marathon is always a popular event, with all age groups participating. The U9 – U13 age groups competed in the long course of 2.25km (200m run, 400m swim, 1200m run, 200m swim, 250m run) whilst the U6-U8's complete a shorter course set by their AGM's. This season's Junior Marathon coincided with our Christmas break-up, so a visit from Santa arriving by IRB topped off an exciting morning for our Nippers. The marathon results were:

HANDICAPPED FIRST ACROSS THE LINE		FASTEST TIME
GIRLS	Sophie Western (U12)	Jacinta Kearney (U13)
BOYS	Emerson McNally (U11)	Ned Eldon (U13)

The Club Championships were run for the U9-U13 age groups, and this season we again combined the Juniors with the Senior Club Championships to showcase Cottesloe's competition strength as one Club. There were some amazing feats of competition, endurance and determination in some challenging conditions, including some beach erosion and the shark barrier providing an extra obstacle for the longer craft races. Again, thank you to all who helped facilitate the day, and a full list of Club Championship results follows this report.

As mentioned previously, Cottesloe enjoyed a reasonable team result at the Nipper State Championships, placing a very respectable 8th overall. Cottesloe won 16 medals – 8 gold, 1 silver, and 7 bronze (including Little Nippers States) – a solid result with talent displayed across all disciplines in both team and individual events, with strengths across board, swim and beach events.

At the State Championships the SLSWA Nipper Club Achiever awards are presented to

an U13 Nipper from each club, recognising their contribution to education and sport. Congratulations to this season's winner, Ned Eldon, a great ambassador for Cottesloe!

To mark the end of the season, a small band of our Nippers have commenced competition in the SunSmart Pool Rescue Series which sees some great competitive events out of the surf and in the pool. Events are designed around honing rescue skills, including the patient tow (tube rescue), manikin carry, and brick carry. Thanks to all the parents who have contributed and supported our young champions, with particular mention to Bec Czaplinska for co-ordinating registrations and training yet again.

Thank you to all who have contributed to a highly enjoyable and rewarding season, both on and off the beach. Enjoy your off season, and I look forward to seeing you all on the beach and around the club in season 2022/23.

Junior Activities Officer Julian Barry

MEMBERS & EVENTS

Club Registrar

Thank you to all our new and existing members who make Cottesloe Surf Life Saving Club the club it is!

Our membership numbers for the 2021-2022 season again exceeded previous membership records (2011: 1330, & 2014: 1252). It is worth noting that the increase in Junior Activity Members correlates to the increase in Associate members as one parent had to join to with a child 12 years of age and under.

Feedback has again shown that the Econet has had a positive impact on Nippers joining this season. Existing members also brought down friends from school or other sporting clubs this year.

The table below details the different membership categories and number of members over the past three years.

Membership Categories	2021-2022	Males	Females	2020-2021	Males	Females	2019-2020	Males	Females
Probationary	8	5	3	10	7	3	10	8	2
Junior Activity (5-13 yrs)	480	211	268	436	201	235	388	184	204
Cadet (13-15 yrs)	56	28	28	73	34	39	80	38	42
Active (15 - 18 yrs)	85	43	42	93	46	47	73	32	41
Active 18+	138	84	54	134	85	49	144	87	57
Award Member	0	0	0	1	0	1	3	1	2
Reserve Active	2	1	1	2	1	1	1	0	1
Long Service	64	55	9	63	55	8	63	55	8
Associate	548	274	274	500	245	255	448	200	248

TOTAL	1417	730	686	1350	705	645	1244	633	610

Club Registrar Report

443 Members did not renew for the 2021-2022 season from the previous 2020-2021 season (compared to 368 from the 2019-2020 season & 406 Members from the 2018-2019 season). This included approx. 100 Family & Parent Family Groups (one parent has to join with a child 12 years of age & under), which would again correspond to the Junior Activity and Associate membership numbers.

Non-Renewing Members

Membership Categories	2021-2022	2020-2021	2019-2020	2018-2019
Junior Activity (5-13 yrs)	153	121	141	145
Cadet (13-15 yrs)	28	21	20	17
Active (15 - 18 yrs)	25	17	21	13
Active 18+	29	31	40	22
Associate	199	162	171	70

The Club had 479 new members join last season compared to 460, 391, 431, 283, 336 over the previous five seasons. The increase can again be seen across the Junior Activity membership with 171 new parent members joining in the Associate membership category. Hopefully the Club can look at programs and initiatives to attract new members in the Cadet age group and retain our Junior Members when they move up to the Youth ranks.

New Members

Membership Categories	2021-2022	2020-2021	2019-2020	2018-2019
Junior Activity (5-13 yrs)	216	200	172	164
Cadet (13-15 yrs)	11	24	16	15
Active (15 - 18 yrs)	12	13	19	5
Active 18+	8	8	9	13
Associate	223	209	167	224

Club Registrar Report

Transfers between remained static this season & it was great to see the members transferring in exceed those numbers leaving the club. 19 members transferred to North Cottesloe SLSC compared to 35 the previous season. 30 members transferred in from North Cottesloe (24 last season). Transfers between City of Perth SLSC and Fremantle SLSC were roughly the same this season. Of the 65 members who transferred out, 37 were members prior to the 2020-2021 season. Members transferring from last season mainly related to: families, competition rights & moving states.

TRANSFERS	2021-2022	2020-2021	2019-2020	2018-2019
Incoming	68	61	56	56
Outgoing	65	73	54	60
Total	133	134	110	116

There are many, many thing that go into the running of this Club and it would not work as well as it does without the dedication, support and effort of the hard working volunteers who make this club great.

From an Administration point of view, we particularly notice this at our Open Day held annually in September and the Cottesloe Classic Mile (our major fundraiser) held each January. A big thank you to Bec Czaplinska, Marg Bond and every loyal volunteer for your ongoing assistance and support to these important events. Special mention to Paul Gerrard who has been the driving force of the Cottesloe Classic Mile for many years.

The Club restructured the Office during the season and I am no longer working in the Office during the week. I wish Anna & Kim all the best going forward.

I have also been informed that, after 21 years in the role, my volunteer services as Registrar will no longer be required. I wish to thank all those members who popped into the Office each Sunday to say hello and those who helped me over the years with Open Day, the Cottesloe Classic Mile, Street Appeal, the Annual Dinner,

Busy Bees, the Foundation & Awards Committees as well as the various other committees I have been on over the years.

Thanks to the many past & present Management Committee members, Committee members, Age Group Managers, Patrolling members, Coaches, Officials, Vets, Parents and Members who supported me and made my job easier. I've gained many new friendships which I treasure to this day. I'm proud to have met each and every one of you and your support, generosity & friendliness over the years has been outstanding. SLSWA have also been helpful & responsive when assisting me at all times (thanks Janie, Vas, Ryan, Karl, Eve, Graham & Dave). Thank you to all of you! Even though I will not be in the Office on Sundays, I will still be around the club and ready for a laugh, a chat & maybe even a drink!

Please continue to tell your friends and family about the club. The Aussies are here in WA so it is a good time to join, learn new skills and give back to the Community!

I wish the club all the best for the future.

Yours in Surf | Marg Bond Registrar

Veterans Report

The Vets have once again had a successful year in supporting the Cottesloe Surf Life Saving Club. The Vet members, most of whom are full Surf Club members, have not hesitated in supporting various tasks when asked.

From a financial sense, the Vets continued their objective to donate a further \$5,000 to the Club, particularly as the Vets did not have a project to add to its finances. This brings the total amount donated to the Club around \$120,000. I understand this would place us second in amounts donated behind a substantial donation from a Club member from the 1950's.

Another function for which the Club received the total benefit was the Sculptures by the Sea. The Vets assisted in doing the job that no one wants, peeling and cutting the onions, some 200kgs for the sausage sizzle. Also the Vets managed one of the time slots putting the good products forward. So from a Club point of view it is hoped that the assistance given is appreciated and acknowledged.

The Cott Café is continuing to be supported by Vet members to fulfil the duties in servicing those that support the use of the Cott Café. It will be noted in the financial report that this area is also an excellent revenue earner to assist the management in the running of the Club.

The group of people that run the points races each week are Vet members who are happy and are prepared to put in a little extra.

From a maintenance area, we continued with the maintenance of the Honour Boards which involves purchasing the tags and ensuring the boards are updated so that the history of the Club is maintained. We also attend to those little jobs around the Club to ensure all members have a good experience when attending the Club.

Vets Melbourne Cup luncheon

From a maintenance area, we continued with the maintenance of the Honour Boards which involves purchasing the tags and ensuring the boards are updated so that the history of the Club is maintained. We also attend to those little jobs around the Club to ensure all members have a good experience when attending the Club. This includes maintaining the shower heads in the change rooms, paint touch-up to various sections of the Club, maintain the gate sand traps and ensure the courtyard lawn and garden out the front are kept in a presentable manner.

I know that some people may yawn at this but they are all jobs that require doing and someone has to do it. Over the years this has saved the Club several thousand dollars. All this assists the management in keeping to a budget and still provide good facilities to its members. So, if you wish to give a little back to the Club which has provided superior training, much enjoyment and lifelong friends over your active time at the Club, we invite you to become a member.

On behalf of the Vets, we wish the Club a successful year and we appreciate being able to be of assistance in a continuing manner. The need to belong to a Club such as this is both compelling and rewarding.

Chairman Robert Watkins

Cottesloe Classic Mile

38th Cottesloe Classic Mile – Saturday 8th January 2002

What an exciting and successful day we had for the 38th annual Cottesloe Classic Mile on Saturday. It was only due to the contribution of our sponsors and the team work of more than 50 members that the event was such a success.

The 400m dash for about 50 juniors and novices went off without a hitch, with family and friends cheering on these mostly younger swimmers. This race follows an M-shaped course wholly within the ECO Barrier. Club talent Max Eldon was the clear winner of this event.

Some ten minutes later, the first wave of the 3km race had gone barely 50m from the beach when a shark sighting near North Cottesloe saw the patrol clear swimmers from the water, and the races were put on hold.

By the time the one hour safety window was over and the all clear given, conditions had deteriorated, and many entrants had chosen to leave. The Freo Doctor was blowing at over 15 knots, and the sea was running strongly to the north. The decision was made for safety reasons to cancel the 3km race (which would have taken swimmers south almost to Pearse St) and instead just run the 1.6km Classic Mile to North Cottesloe and back.

In total, around half of the 600 entrants stayed around and took up the challenge. Importantly, almost all of our Club water safety and first aid team members remained on duty, assisting quite a few participants back to the beach during the race. No major incidents were recorded.

It was great to see two octogenarians and Cottesloe SLSC members, Robert Watkins and Stuart Gray, both complete the course. There were numerous other members who competed.

Although the event was disrupted, and some swimmers weren't able to compete as they had hoped, the overwhelming feedback was praise for the Club in managing the delay and the changed conditions so well.

Major sponsors for the event were ACTON Cottesloe & Dalkeith.

Support sponsors were:

- Vidlers Cottesloe,
- ID Athletic,
- Marbret International, and
- Aqualyte.

Please return the support if you can.

Thanks also to Nic Blackburn at the Rottneest Channel Swim for support with the loan of equipment. Finally, thanks go to the key team members who variously ensured that:

- hundreds of race kits were prepared (Kim Welch, Drew Masters, Xsenija Bromley)
- registrations went smoothly (Marg Bond, Bec Czaplinska)
- beach set-up and pack-down just happened (Mike Franz),
- the race courses were laid accurately (Mike Ivey),
- race briefings were provided and races started properly (David Craig, David Ellwood),
- swimmers safety was monitored throughout (Deb Dean, Paul McCarthy),
- winners were announced and celebrated (Tanya Franz, David Craig), and
- so many swimmer questions (from valid through to ridiculous) were dealt with patiently.

2022 CottMile Report by Paul Gerrard

WA Board Riding Championships

After two years of not running due to dangerous surf conditions and being unable to re-schedule, the Board Riding Titles for 2022 were conducted at Trigg Beach on the 11th of June.

With a large sea running and plenty of surf if you could make it through the inside break, the waves were challenging.

Cottesloe was represented by Jarrad Davies in the Open and Stan Davies in the Masters. The first event was the Open Short Board and Jarrad was the stand out surfer winning his heat and semi final.

The Final was close until Jarrad managed to carve up a good size wave and score high to easily win the Final.

The Open Longboard was a similar story with Jarrad waiting till his final wave to have everyone on the beach shouting and

applauding as he pulled off an amazing snap off the lip and staying in control as he negotiated the landing to score one the highest points score in the whole competition.

So a large congratulations to Jarrad on Winning GOLD in the Open Short Board and the Open Longboard.

In the Masters competition it was up to Stan to see if he could bring home Gold in the over 60yrs longboard. It was much harder for the older competitors to negotiate the tough conditions but eventually Stan was able to bring home the Gold in the over 60yrs Longboard.

With such a small turnout from Cottesloe it was a great result with three Gold Medals from three events.

**Board Riding Co-Ordinator
Stan Davies**

Jarrad Davies wins gold

Community Awards

Congratulations to Cott SLSC members Graeme Johnson and Isabella Cowie for receiving 2022 Australia Day recognition awards

Town of Cottesloe

Australia Day Senior Citizen of the Year Award

Graeme won the Town of Cottesloe Australia Day Senior Citizen of the Year award for his significant contribution to local, State and National community including 14+ years service as an active patrolling member and 50+ years as a Cottesloe SLSC member.

Town of Mosman Park

Young Community Citizen of the Year Award

Bella was the recipient of the Town of Mosman Park Young Community Citizen of the Year award for her outstanding contribution through surf lifesaving. In particular the various roles and duties that she undertakes as a volunteer, including patrolling, age group manger, fundraising activities and the annual dinner organising committee.

Notes to the Financial Statements

NOTES TO THE FINANCIAL STATEMENTS

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report covers the Cottesloe Surf Life Saving Club Inc ("the Club") as an individual entity. The financial report is presented in Australian dollars, which is the entities functional and presentation currency.

The financial report consists of the financial statements, notes to the financial statements, the officers' declaration and auditors reports.

Basis of Preparation

The Committee has determined that the Association is not a reporting entity because there are no users who are unable to command the compilation of reports to satisfy their information needs. These financial statements have been prepared to meet the reporting requirements of the Western Australian Associations Incorporation Act 2015 and the Australian Charities and Not for Profits Commission (ACNC) Act 2012. These financial statements are therefore a special purpose report prepared in accordance with the measurement and recognition requirements of Australian Accounting Standards. In addition, the financial report has been prepared in accordance with the following disclosures:

- i. AASB 101 Presentation of Financial Statements
- ii. AASB 107 Statement of Cash Flows
- iii. AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors
- iv. AASB 1048 Interpretation of Standards
- v. AASB 1054 Australian Additional Disclosures

No other Australian Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied

(a) Accounting Policies

The principal accounting policies adopted in the presentation of the financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

(b) Revenue recognition

To determine whether and when to recognise revenue, the Association follows a 5-step process:

- (1) Identifying the contract with a customer;
- (2) Identifying the performance obligations;
- (3) Determining the transaction price;
- (4) Allocating the transaction price to the performance obligations; and
- (5) Recognizing revenue when/as the performance obligation(s) are satisfied.

The Association's main revenue sources and accounting policies are listed below.

Membership fees

Membership fees is recognised over the time as the services are provided to the customer.

Bar, Café and Surf Shop Sales Revenue

Revenue is recognised when the control of the goods is transferred to the customer and payment is received.

Sponsorship Revenue

Sponsorship revenue is recognised on receipt in accordance with AASB 1058 Income for Not for Profit Entities as they do not contain sufficiently specific performance obligations.

Fundraising and Club Events

Revenue is recognised when the event occurs and the funds are received.

Interest

Interest income is recognised on receipt.

Other income and donations

Are recognised on receipt.

(c) Income tax

The Club is exempt from income tax under the provisions of Section 50-5 of the Income Tax Assessment Act 1997.

(d) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less.

(e) Trade and other receivables

Other receivables are recognised at amortised cost, less any provision for impairment.

Notes to the Financial Statements

(f) Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

The carrying amount of plant and equipment is reviewed annually by the Management Committee to ensure it is not in excess of the recoverable amount from those assets.

The depreciable amount of all plant and equipment is depreciated on a straight line basis over the useful lives of the assets to the Club commencing from the time the asset is held ready for use.

NOTES TO THE FINANCIAL STATEMENTS (Cont.)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The depreciation/amortisation rates used for each class of depreciable assets are:

Class of Property, plant and equipment	Depreciation rate
Plant and equipment	20%

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the incorporated association. Gains and losses between the carrying amount and the disposal proceeds are taken to the statement of comprehensive income.

Depreciation has not been applied to Buildings which are located on land registered in the name of the Club.

(g) Impairment of non-financial assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs to sell and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

(h) Trade and other payables

These amounts represent liabilities for goods and services provided to the Club prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

(i) Inventories

Inventories consist of bar and apparel stock and are measured at the lower of cost and net realisable value. Costs are assigned on a specific identification basis and include direct costs and appropriate overheads, if any.

(j) Employee benefits

Provision is made for the Club's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year together with benefits arising from wages and salaries, annual leave and long service leave which will be settled after one year, have been measured at their nominal amount. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the Club to employee superannuation funds and are charged as expenses when incurred.

(k) Goods and Services Tax ("GST")

Revenues, expenses, and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office.

In these circumstances the GST is recognised as a part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST, where GST applies.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

(l) Comparative figures

Where required by Accounting Standards, comparative figures are adjusted to conform to changes in presentation for the current financial year.

(m) New, revised or amended Accounting Standards and Interpretations adopted

The Club has adopted all the new and revised Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for a charity or not-for-profit entity registered with the Australian Charities and Not-for-profit Commission during the current reporting period. The adoption of these new and revised Accounting Standards and Interpretations has not resulted in a significant or material change to the Club's accounting policy.

Statement by Members of the Committee

STATEMENT BY MEMBERS OF THE COMMITTEE

The Management Committee has determined that the Club is not a reporting entity and that this special purpose financial report has been prepared in accordance with accounting policies outlined in Note 1 to the financial statements.

In the opinion of the Management Committee:

1. The financial statements and the notes are in accordance with the Associations Incorporation Act (WA) 2015, Australian Charities and Not-for-profits Commission Act 2012 and Australian Charities and Not-for-profits Commission Regulations 2013, and:

a. comply with Australian Accounting Standards, and

b. give a true and fair view of the Club's financial position as 30 April 2022 and of the performance for the 12 month period ended on that date in accordance with the accounting policies described in Note 1 to the financial statements.

2. In the Management Committee's opinion there are reasonable grounds to believe that the Club will be able to pay its debts as and when they become due and payable.

This statement is made in accordance with a resolution of the Management Committee and is signed for and on behalf of the Management Committee by:

Ben Stephens - President

David Craig - Deputy President

INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL REPORT TO THE MEMBERS OF COTTESLOE SURF LIFE SAVING CLUB INC

Qualified Opinion

We have audited the attached special purpose financial report of Cottesloe Surf Life Saving Club Inc. (the Association), which comprises the statement of financial position as at 30 April 2022, statement of profit or loss and other comprehensive income, statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the declaration by the members of the committee.

In our opinion, except the matters mentioned in the "Basis for Qualified Opinion" Section of our report, the accompanying financial report of Cottesloe Surf Life Saving Club Inc. is in accordance with *Division 60 of the Australian Charities and Not-for-profits Commission Act 2012* including:

- a) Giving a true and fair view of the Association's financial position as at 30 April 2022 and of its financial performance and cash flows for the year then ended; and
- b) Complying with Australian Accounting Standards disclosed in Note 1 to the financial report.

Basis for Qualified Opinion

Existence of Inventory

We noted that the Association has an inventory of \$ 22,211 at 30 April 2022, due to the time restriction, we did not attend the stocktake at 30 April 2022. Therefore, in the absence of the physical stocktake, we are unable to determine the existence of inventory at 30 April 2022. Consequently, we are unable to provide opinion on the existence of inventory at 30 April 2022.

Land and Buildings

As disclosed in Note 8, the Association has \$669,485 in land and buildings at 87 Marine Parade Cottesloe WA. We were unable to obtain sufficient evidence to verify the cost of the land and building stated in the financial statements and we have observed that the buildings component has not been depreciated in accordance with *AASB 116 Property Plant and Equipment*. Therefore, our audit report has been qualified in respect of this matter.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Australian Charities and Not-for-profits Commission Act 2012* and the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We confirm that the independence

Basis for Qualified Opinion (continued)

declaration required by Division 60 of the *Australian Charities and Not-for-profits Commission Act* which has been given to the directors, would be in the same terms if given to the directors as at the time of this auditor's report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion

Emphasis of Matter – Basis of Accounting

Without modifying our opinion, we draw attention to Note 1 to the financial report which discloses the basis of accounting. The financial report has been prepared to assist the Association meet the requirements of the *Australian Charities and Not-for-profits Commission Act* and to meet the needs of members. As a result, the financial report may not be suitable for another purpose.

Responsibilities of Committee Members for the Financial Report

The Committee of the Association are responsible for the preparation and fair presentation of the special purpose financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial statements is appropriate to meet the requirements of the *Australian Charities and Not-for-profits Commission Act* and is appropriate to meet the needs of members. The Committee are also responsible for such internal control as the Committee determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the special purpose financial report, the committee is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor’s Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report. A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf
 This description forms part of our auditor’s report.
